

GALVANIZED IRON CLEANER

METAL CLEANING DETERGENT

- Cleans and removes galvanising treatments before painting
- Etches and degreases while cleaning
- Removes light rust

UN 1805

DIRECTIONS FOR USE

USAGE PRECAUTIONS

Read all instructions before use. Phosphoric acid based corrosive product. Do not mix with other chemicals. Open cap with caution to prevent any splashing. Protect or cover coatings / untreated areas to avoid surface damage. Once clean immediately coat to avoid surface being re contaminated.

APPLICATION INSTRUCTIONS

Use a scraper to remove all flaking material or rust. Sand smooth any rusted areas. Use a hard bristle nylon brush or broom to scrub the affected area. For thorough treatment ensure surface remains wet for 10 – 15 minutes. Smaller metal parts can be immersed for 10 – 15 minutes. Thoroughly rinse with clean water. A clean surface will allow water to flow over without beading. Repeat if necessary. Product dilution is not recommended.

STORAGE INSTRUCTIONS

Ensure cap is tightly sealed and product stored upright. Secure product when transporting to prevent accidental spillage. Store in a cool place, locked away and out of reach of children. Store away from any alkali or oxidizing materials. Store away from metals. Dispose of empty container and do not use for any other purpose. Do not dispose into common waste system contact 0860 254 620 for disposal information. Discard product 18 months after batch date.

SAFETY INSTRUCTIONS

May be harmful if swallowed. Causes severe skin burns and eye damage.

Read all instructions before use. Replace lid when not in use. Use product in well ventilated areas. Keep out of reach of children. Do not eat or drink when using product. If medical advice is needed, have product packaging at hand. Use personal protection as required. Wear protective gloves. Wear eye protection. Wear a respirator, do not inhale fumes.

IF IN EYES Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Seek medical attention if symptoms persist.

IF ON SKIN Take off immediately all contaminated clothing and wash before reuse. Wash with soapy water. Seek medical attention if symptoms persist.

IF INHALED Remove victim to fresh air and keep at rest in a position comfortable for breathing. Seek medical attention if symptoms persist.

IF SWALLOWED Do not induce vomiting and seek immediate medical attention.

Dispose of contents and packaging in accordance with all local, regional, national and international regulations. National poison centre 0861 555 777.

PRODUCT SPECIFICATION

Appearance	Clear/ slight yellow liquid
Density	1.04 – 1.08 kg/l
pH	1.2 – 1.7
